

Houseplan 1.0 Installation Guide

1. Client System Requirements

Operating System	WINDOWS 7 64-bit/ WINDOWS 10 64-bit
Note	Only support 64-bit windows system

Houseplan 1.0 was primarily designed for the Microsoft Windows 10 operating system; however, it may be compatible with Windows 7 as well. It should be noted that Microsoft has stopped official support for Windows 7, which may result in unpredictable problems such as missing system files or unsupported files. In such cases, these issues may not be able to be resolved.

Tips:

The installation account must have administrative privileges.

Prior to installation, please ensure that security software such as 360 Security Guard is closed.

ltem	Minimum Configuration	Recommended Configuration
CPU	Intel i5-6 processor	Desktop: Intel i5-9 and above Laptop: Intel i7-8 and above
